Proposed Boundary Change

Mike Anderson, Associate Superintendent

- Review the proposal
- Answer questions
 - The next public hearing and public comment will be held on Tuesday, November 10
 - Final opportunity for public comment on November 24.
 - Patrons are encouraged to attend and provide comment
 - There are two areas that will be proposed to be moved into Blackridge boundaries (areas 3 and 4).

- Area 3 houses Camp Williams and is mostly uninhabited. Development is starting but the housing going in may not yield very many students.
 - Area 4 will yield about 205 students.
- The district sent out an email and a post card to all families in the Blackridge boundaries.
- How will the boundary changes impact the number of buses coming to Blackridge?
 - It is estimated that this would bring 2 additional buses.
- How will the additional students impact the number of teachers at Blackridge?
 - The increase in enrollment will cause an increase in the number of teachers. We don't currently know the distribution of students coming in (i.e. number of Kindergarteners, first graders, 5th graders, etc). When we get those projections (usually in the Spring), the school will address hiring.
- Contact Buddy Alger in Student Services with any questions:
 - buddy.alger@jordandistrict.org
- Voices from the council:
 - This seems to align better with the community.
 - Seems like a positive adjustment.
 - Will help with the transition to middle school (kids can now go to Fort Herriman).
